# Amended Budget Appropriation Changes

---

- **General Fund (including Special Projects):** Increase in appropriation of \$2M due to higher than forecasted carryover and donations in the Special Projects Fund (School donations, After-school programs, etc). We are forecasting and updating the budget to reflect a \$4M use of General Fund balance, a reduction of \$4.1M from the Adopted Budget.
- **Government Designated Purpose Grants:** Increase in appropriation of \$17M due to higher projected revenue and associated expenses. Revenue increase is due to higher than expected READ Act and ELPA funding as well as higher than budgeted Federal carryforward and revenue.
- **Pupil Activity:** Increase in appropriation of \$215K due to higher forecasted Materials & Supplies.
- **Special Revenue Fund:** Increase in appropriation of \$5.2M due to a higher than budgeted Beginning Balance (carryforward).
- **ProComp Special Revenue Fund:** Increase in appropriation of \$1M due to higher population earning Hard to Serve incentive and tuition and student loan reimbursements.
- **Building Fund:** Increase in appropriation of \$18.7M due to adjusting the budget for expected timing of spend of Bond projects.
- **Capital Reserve Fund:** Decrease in appropriation of \$8.8M due to updating the budget to reflect actual Beginning Balance and timing of COP repayments.
- **Private Purpose Trust and Government Permanent Funds:** Increase of appropriation of \$6.3M and \$7K respectively to correct for actual Beginning Balances and expected spend.
