Year-over-Year Variance Notes:

1. Large decrease vs. prior year due to one-time COP refinancing in FY2012-13
2. Increased mill levy pass through to charter schools

FY14 Budget to Actual Variance Notes:

- A. Beginning balance higher than budgeted due to stronger revenue collections in FY2012-13 and reduction in expenses from the COPs refinancing and ProComp Administrative Overhead reimbursement
- B. Due to additional revenue for new CPP/ECARE program
- C. Due to additional revenue for SPED funding for Tier B students
- D. Due to a large number of newly hired teachers entering the District at a lower salary compared to the salary of teachers exiting the District
- E. Line Item variances will be solved for within the appropriation of the fund
- F. Due to site-level reserves that will be transferred to other areas of the budget if needed to be spent

Year-over-Year Variance Notes:
 1. 2012 G.O. Bond Proceeds were a one time occurrence in FY12-13
 2. Increase is related to a full year of project expenditures related to the 2012 G.O. Bond

FY14 Budget to Actual Variance Notes:
 A. No budgeted revenue, however, we are receiving interest earnings on unexpended project funds.
 B. The budget anticipated primarily legal services, but there are engineering, environmental, and other consulting services that are appropriately hitting the purchased services category. This will be updated in the amended budget.
 C. Forecast based off of Q1 run rate. No money specifically budgeted for the year for Supplies and Materials. Charges were anticipated to hit the Property line item, but they are appropriately hitting Supplies and Materials. Amended budget will be updated to for FY14 anticipated expenditures.
 D. \$34 million budgeted for the year to close out 2008 bonds, \$125 million in property expenditures expected from 2012 bonds per updated forecast provided by Bill Gerard.
 E. Budgeted expenditures were significantly higher because of uncertainty of forecasted expenditures. Updated forecasts are projecting a slower draw on fund balance. Amended budget will be updated to reflect better information.

1. COPs Revenue in FY12-13 to fund the Stapleton and Downtown Campus Projects was a one time occurrence
2. Increase in property expenditures is related to work on the Stapleton and Downtown Campus Projects
3. Bond subsidies are directly deposited to the CFR. This direct support in combination with FY14 General Fund Support of \$4.4 million keep us in line with total general fund support from FY12-13 of \$11.3 million.

FY14 Budget to Actual Variance Notes:

- A. Higher than anticipated DURA reimbursement revenue for Stapleton 3, higher than anticipated sale proceeds from the CLA building, and a reflection of full revenue budget for BEST Cash Grant!
- B. Reduced to reflect current sequestration estimate of 7.2%!
- C. Actuals reduced for prior-year encumbrances that were already accounted for in FY14 beginning balance
- D. Timing variances for the purchase of CAE building and additional one time maintenance requests

Year-over-Year Variance Notes:

1. Approximately \$1 million in dividend payments were earned last year that will not be earned in FY14 because the trust is now held in interest bearing securities.

FY14 Budget to Actual Variance Notes:

- A. Trust is now held in interest bearing securities as opposed to dividend earning securities.
- B. Size and timing of life insurance payments will determine how close to budget we end up.
- C. No "Other Expenses" have been incurred since 2010. We may want to consider removing the budgeted allocation here next year.
