This document is intended to describe the general physical nature of the work required of employees in this job classification. It is not intended to provide an exhaustive list of all physical demands required of employees in this classification, and employees may be required to perform additional physical functions depending on the employee's exact position. Also, any combination of the listed physical demands can be expected to be performed as part of the position's duties. For example, an employee may be required to push open a door, walk up stairs and carry a box of supplies all at the same time. When classified in this position, employees will be responsible for understanding both the requirements listed in this document and in the position job description.

Should an applicant or employee require reasonable accommodation s/he should contact the HR Connect office at 720-423-3900.
